This beautiful collection of late 18th and early 19th century French floral prints was inspired by an old quilt I found at a Cahors vide grenier (attic sale) last summer. The quilt was filled with antique prints and had a special surprise! Another quilt, in perfect condition, was used as the batting! Almost every one of the prints in *La Belle Fleur* has been salvaged from the two quilts. We have designed some simple quilts to go along with this new collection in order to show off these charming fabrics.
