

Castlewood

Jan Patek

Castlewood, the new Jan Patek fabric line, is based on a Missouri State Park named Castlewood in St. Louis. So go camping from your favorite stitching seat and with each project, you'll be blown away by Nature's Bounty! The line is filled with woody, rustic, natural lights and darks and versatile designs that work with the breathtaking vistas of winter and the intense colors of autumn! *Castlewood* works well in quilts that are seasonless and makes you feel at home no matter what the season!
