

URBAN FARMHOUSE GATHERINGS II

BY PRIMITIVE GATHERINGS

Style is personal, it's how we share something about ourselves without speaking. With Urban Farmhouse Gatherings, it's about mixing vintage prints with a modern color palette to create a mood that is warm, welcoming and comfortable, while also being independent and distinctive. This time, there are beautiful large-scale floral prints to accompany our tried-and-true shirting-style prints. Just when you thought you knew me, right?

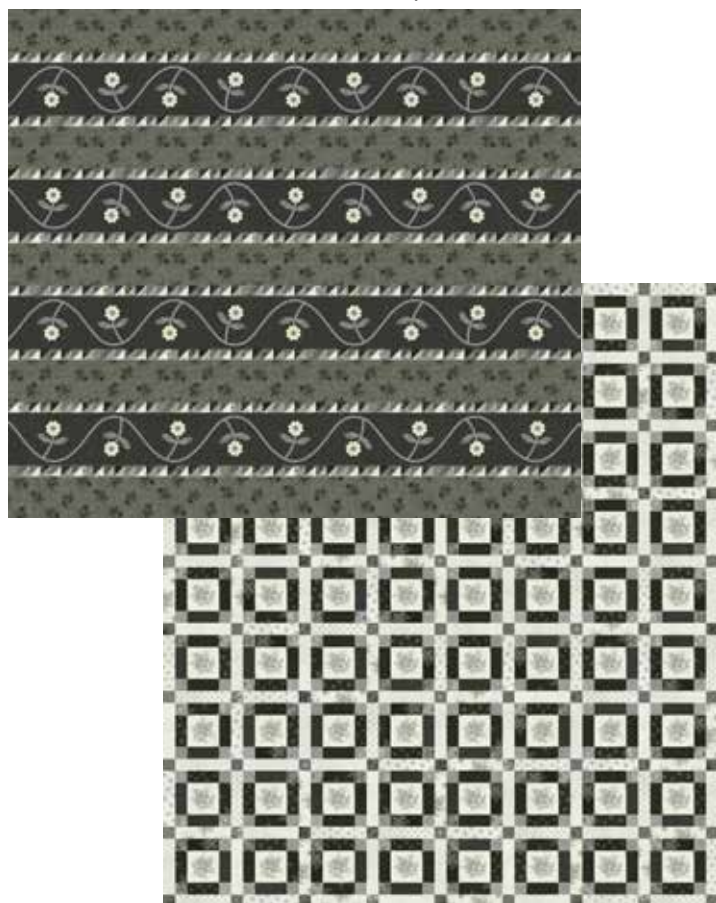

With Urban Farmhouse Gatherings II, make something beautiful for your home, or for the special people in your life, by sharing a bit of yourself with them.

"COLLECT THINGS YOU LOVE, THAT ARE AUTHENTIC TO YOU, AND YOUR HOUSE BECOMES YOUR STORY." - ERIN FLETT
